

LEHDER Environmental Services

Excellence in Industrial Air Quality Services

About LEHDER

LEHDER Environmental Services is a consulting company focused on providing Excellence in Industrial Air Quality Services. Formed in 1995, LEHDER is now one of the largest Air Quality Management companies in Canada.

At LEHDER we recognize our client's need to make decisions that provide for operational flexibility while meeting regulatory, economic and social requirements. While offering a specialized technical expertise, we also achieve the best results for our clients by basing our projects on a foundation of respect, integrity and mutually earned trust.

The Head Office for LEHDER is located in Point Edward, Ontario and our Western division is based in Edmonton, Alberta.

The following is a list of services offered by LEHDER to support the continued success of our clients. LEHDER is able to effectively provide all aspects of Air Quality Management without outsourcing or partnering.

Environmental Data Management

The LEHDER Environmental Information Management Service (LEIMS) is provided by LEHDER to manage our client's environmental data in a consolidated custom data management system integrated with a graphical interface.

LEIMS turns filing cabinets full of consultant's reports into information available at the desktop.

LEHDER: lead-er (lee-der)

The LEHDER company name comes from the surnames of the original four principals: Sid Lethbridge, Des Hayles, Mike Denomme and Mark Roehler.

There are now a total of seven Principals at LEHDER:

- Daryl Zander joined the team when AirWorks Environmental, headquartered in Edmonton, Alberta merged with LEHDER in April 2000 to form the Western Division of LEHDER.
- Peter Pakalnis became the sixth Principal at LEHDER In March 2003.
- In August 2005 Marnie Freer was appointed as Principal.

LEHDER Mission Statement

LEHDER will provide uncompromising quality in services to ensure that we meet our customers' requirements.

We continually strive for excellence in:

Personnel Development ♦ Information Management ♦ Integrated Services
